Links redirect to the social media accounts:

The screenshot shows a web browser window with the Twitter sign-up page. A modal titled "Create your account" is displayed in the center. The modal contains the following fields and options:

- Name:** A text input field with a character count of "0 / 50".
- Phone:** A text input field.
- Use email instead:** A link to switch to email-based sign-up.
- Date of birth:** A section with a warning: "This will not be shown publicly. Confirm your own age, even if this account is for a business, a pet, or something else." Below this are three dropdown menus for "Month", "Day", and "Year".
- Next:** A button to proceed to the next step.

The background of the page features a large Twitter bird logo and the text "What's happening now" and "Sign up today.".
